CAREER PROFILE

Operations support professional with over 10 years of experience helping businesses stay organized through accurate documentation, customer support, procurement coordination, and day-to-day operational management. Experienced in supporting government and private healthcare procurement, coordinating suppliers, preparing quotations and operational documents, tracking orders and deliveries, and providing dependable after-sales support.

Known for creating organized workflows, maintaining accurate records, and following projects through from initial enquiry to successful completion. Comfortable working independently within remote teams, learning new systems quickly, and supporting business operations with professionalism, consistency, and attention to detail.

PROFESSIONAL EXPERIENCE

Operations Support Specialist — R P Medical Equipment & Supplies Trading

Quezon City · Apr 2022 – Jan 2026

- Coordinated end-to-end operational workflows for government and private healthcare procurement, supporting activities from opportunity identification through delivery and after-sales service.
- Monitored PhilGEPS procurement opportunities, reviewed bidding requirements, attended pre-bid conferences, and prepared eligibility, technical, and financial bid documents.
- Represented the company during bid openings, responded to BAC clarifications, coordinated post-qualification requirements, and supported project fulfilment following the Notice of Award.
- Prepared quotations, proposals, purchase documentation, delivery receipts, sales invoices, warranty certificates, and supporting documents while maintaining accurate digital filing systems.
- Coordinated suppliers, freight forwarders, service providers, and internal stakeholders to ensure products, documentation, and deliveries met customer and procurement requirements.
- Built and maintained operational tracking systems for suppliers, deliveries, collections, warranties, preventive maintenance schedules, calibration schedules, and customer follow-ups using Microsoft Excel and Google Sheets.

- Managed customer communication from initial enquiry through quotation, delivery, product demonstrations, training coordination, and after-sales support, ensuring timely updates and dependable service throughout each project.
- Developed standardized templates for quotations, proposals, operational documents, and email communications to improve consistency, organization, and document preparation efficiency.

Customer & E-Commerce Support — Everise Philippines (BJ's Wholesale Club & Costco)

Remote · 2020

- Provided customer support through phone, chat, and email for high-volume e-commerce operations while consistently meeting service quality and response-time expectations.
- Assisted customers with order tracking, delivery concerns, refunds, cancellations, and account enquiries from initial contact through resolution.
- Documented customer interactions accurately and coordinated with internal teams to resolve order discrepancies and delivery exceptions efficiently.

Customer & Technical Support — Multiple Telecommunications & Retail Programs (AU / NZ / US)

2007–2018

- Supported customers across telecommunications and retail programs serving Australia, New Zealand, and the United States through leading BPO providers.
- Resolved billing, account, technical, and service-related concerns while maintaining documentation accuracy and meeting quality and productivity standards.
- Built strong communication, problem-solving, and customer relationship skills in fast-paced, metrics-driven environments.
- Maintained professional, customer-first communication across voice, email, and chat in fast-paced, target-driven environments.

EDUCATION

Polytechnic University of the Philippines — Business Administration (Marketing); first-year coursework completed.
